

Landscape Pack Brief / Questionnaire

This Landscape Pack Questionnaire is designed to help you identify some of the constraints and opportunities for landscaping your new home.

You should take your time and discuss this with your family to explore your garden requirements.

This analysis forms the basis for U PLAN to understand your desires and needs and develop Landscape Plans for your new home, so the information should be as accurate as possible.

Once complete you can scan and email, fax or post back along with your house plans and site photos.

• Your Contact Details

Your name

The property address
